Clinical Consumables and Infection Control

The Clinical Consumables category provides a range of products that help the improvement of staff and patient safety in the healthcare environment.

Personal protective equipment (PPE) that is found in this section include gloves, masks, gowns, caps, shoe covers, scrub suits, warming jackets, patient gowns and cover/isolation gowns.

Wipes have become firmly established in clinical areas. For cleaning and/or disinfection, Thermo Fisher Scientific has the right wipe for your need. Disposable wipes are convenient, premixed, premeasured and ready to use.

We provide swabs, towelettes, patient hygiene wipes, lubrication jelly, instant and reusable heat/cold packs and thermo-insulated foodservice items.
